BIGGER BALLS AT CRABBY DICK'S

Unknown sources have confirmed that ping pong sized balls have come to Crabby Dick's.

In Dick County, folks say it's rare to see balls of this magnitude.

Ophelia Dick is one woman who says she's never seen anything like this before. She says she was relaxing at Crabby Dick's when all of a sudden, she heard a loud ruckus coming from the kitchen.

Ophelia says the oversized balls are unbelievably delicious.

"We've eaten here for about 30 years and we have never since I can remember tasted balls this big. We've eaten balls before but never this large and never so much.. Within a matter of minutes, they popped out of the kitchen and filled our table" she added.

In the pictures and videos she provided to this reporter, you can see balls blanketing her dinner plate and filling up her large mouth.

"It looked yummy all over my plate- and the thing about it is these balls are more than a mouthful. When they came out of the kitchen so hot that steam started rising up. My cousin, Ivana Dick was across the table and it was hard to see her over the big balls in front of me. It was amazing and the craziest thing I've ever seen," she explained.

Ophelia says her friends and family also couldn't believe their eyes.

"We all were sending pictures and sending videos to each other to see if everybody was okay about what was going on at Crabby Dick's," she said.

Thankfully, Ophelia's tastebuds were satisfied she explained as the big balls filled her mouth

Miss Dick says even her 91-year-old mother, who lives next door to her, says she hasn't seen balls like these in at least 30 years.

Meanwhile, she says this is a day she'll remember for the rest of her life.

"It's something we'll be talking about and sharing pictures of for awhile."

NEWS FLASH: CRABBY DICK’S LEGACY LIVES ON

Ever since he was just a little Dick, Crabby roamed the cobblestoned streets of Fells Point, itching to create his own legacy. As Crabby got bigger, he knew he had to find his mate. There was only one she-crab for Crabby and her name was Anita. Anita was also well kown by the local sailors that came into the port. You see, Anita had been “around The Block” and was looking for a jimmy to call her own. As fate would have it (plus Crabby baiting Anita with some juicy chicken necks), Crabby and Anita were wed and the Dick Family Tree was rooted.

Soon there were little Dicks all over Fells Point. Crabby and Anita had three sons, Harry Dick, Seymour Dick and Hoss Dick and one daughter, Candy Dick. Candy later became famous for her “Homemade Candy Dick Suckers” that once you start sucking you can’t stop until you reach the stick. So Crabby had his family but still needed his legacy.

Crabby asked his cousin, Curly Dick (who by the way has the best balls on Broadway especially when dipped in his secret recipe Seaman Sauce), how he could create the

Crabby Dick Legacy. Curly just shrugged his claws and kept dipping his balls. Then an idea hit Crabby, like a mallet cracking his shell (OUCH), Crabby would seek wisdom from the wisest Dick of all, Hung Lo Dick of the Far East (Eastern Shore, that is).

Hung Lo Dick was very old and very wise. He advised Crabby, “To create a legacy, you must live a good life, treat all people with the respect that you expect for yourself and wear your name proudly. When you achieve this, you will achieve your legacy.”

Crabby thanked Hung Lo for his wisdom and thought long and hard about what the old crab had said. “.....and wear your name proudly.” And it finally came to him...T-Shirts. That was the answer to creating his legacy. Crabby printed up shirts with “Maryland is for Crabby Dick’s” and gave them to everyone he knew. Soon you could see Crabby Dick’s everywhere

Meanwhile, back at the Dick house in Fells Point. People were coming from miles away to see Crabby Dick. Of course, Mama Dick had

to feed all these weary travelers so she started cooking up her dee-li-cious Crab Cakes and Curly’s Crab Balls. Thus, the first Crabby Dick’s restaurant came to be.

The invasion of the Dick’s to Delaware came without warning as 17 years ago Crabby longed to be close to the salt air and ocean breezes of Rehoboth Beach. (Tax-Free at that) In Rehoboth Beach, they all loved the Dick’s. So much so, that the Dick’s could not whip up enough of their homemade Seaman Sauce and had to begin bottling it up and selling by the jar. With the success Crabby felt at the beach, he decided to service all the folks in Delaware at both ends of the state by taking over an old tavern and inn in Delaware City just north of the canal.

The spreading of Crabby Dick’s throughout Delaware has been met with great joy and celebration for the people of Delaware. It is unknown how far the Crabby Dick’s will spread but one can only hope that one day we will see a Dick Nation !
